Name Badge Labels

The price of an Avery Self-Adhesive Name Badge Labels, 2 11/32"x 3 3/8", 100/Pack is around \$3.00. The Avery label are available in different color borders. Staples, Office Depot, and Office Max carry them. If you can not find them locally, order from their on-line stores.

The border name badges are better than the 'Hello' name badges, because there is more space to display the photos and name. Some classes prefer the names badges without any borders.

Suggestions:

- Print the classmate's photo on the spouse's name tag, and type the word 'SPOUSE' at the top.
- Use one color of ink for classmate and another color for a spouse and/or use a different colored border.
- Keep the name tag photos for future reunions.
- Create a CD with these photos and store with the other documents from the reunion.
- Do not use anything smaller than 2 11/32 x 3 3/8 as it is difficult to read.
- Do not use the mailing labels as the glue is different and could damage clothing.
- Do not use name badges that that pin to clothing. Some classmates may not want to attach them to their clothing.
